ABOUT THE PROGRAM

Deborah Price, Founder & Artistic Director

The purpose of The Chamber Music Connection is to provide chamber music education for music students of all ages (including adults) and abilities, from the earliest levels of proficiency to the most advanced.

Open to all string, wind, and piano students, participants are afforded the opportunity to hear, see, and work with world-class chamber music ensembles in concerts, master classes, and workshops. Programs are primarily geared to the study of string chamber music repertoire, but they also include collaboration of strings with winds and piano.

Based on their prior experience in chamber music and their age and skill level, participants are placed in small ensembles, allowing for an intimate learning experience. One player on a part encourages individual growth in both reading and musical abilities.
